See PBA Report,

Appendix C Strategic Sites Assumed S106 Costs for GLH.

It only refers to £3.7m off-site highways junction improvements and £1m M40 junction slip lane.

I recall at the Examination a contribution of £5m was mentioned for M40 hard shoulder running.

P54 of the CW SEP refers to the Highways Agency (Highways England), investigating hard shoulder running between junctions 12-15, which will cost millions. This is not mentioned at all in the CIL PBA report.

Do you wish to express an interest to participate in the Examination?

Yes, I wish to participate at the oral Examination

No, I do not wish to participate at the oral Examination
