Dear Richard,

Just to confirm that if the Ettington and Fulready Neighbourhood Plan is made before the SAP, the proposed boundary in the SAP would **not** be pursued. This is just a question of timing really and the NDPs we have progressing in our District (34) being at all different stages in the process.

I hope this clarifies the position in relation to Ettington and Fulready.

Kind regards,

Rosemary

Dear Rosemary

I have one further question on the issue of settlement boundaries. The emerging Site Allocations Plan document indicates that "where neighbourhood plans have been made it is not necessary for the SAP to do so." It would be helpful if you could clarify whether, if the Ettington and Fulready Neighbourhood Plan is made before the SAP the proposed boundary in the SAP will be pursued.

Kind Regards

Richard
