### **Adoption Statement**

At Stratford-on-Avon's Council meeting on 17 December 2018, Members decided to adopt the revised Statement of Community Involvement (SCI). The SCI sets out how the District Council intends to engage with local communities, businesses and other interested parties when developing and reviewing planning documents and determining planning applications.

#### Reasons for Decision:

This revised SCI replaces the previous 2014 version and reflects changes to regulations and legislation, together with good consultation practice. The SCI is an important local development document that is a statutory part of the Council's Development Plan framework. The Council must be able to demonstrate that it has adhered to the provisions of its SCI.
