

Reserve Sites Housing Allocation - Primary and Secondary Provision (April 2020)

Secondary School Area	Primary School Area	Total number of Dwellings on Potential Reserve Sites (SDC)	Estimated number of additional dwellings education area could accommodate (WCC)	Comments
Alcester	Alcester	250	250	Schools in Alcester currently at or near to PAN. Circa 300 dwellings still to be built in Alcester.
	Bidford	350	250	Number of approvals still to be built and School will need to expand by half FE to accommodate this. Limit additional allocations in Bidford to less than 250
	Temple Grafton		50	Small rural school. Generally fills to PAN but could accommodate small allocation
	Salford Priors	95	95	Some existing capacity to accommodate additional dwellings
	Alcester Area Total	695	645	Secondary Schools: Pupils numbers to PAN with little capacity. Large Secondary cohorts forecast for next 5 to 7 years. Capacity may need to be added
Henley	Claverdon		90	Generally fills close to PAN. Could accommodate small allocation under 100
	Henley in Arden	60	200	Some existing capacity to accommodate additional dwellings
	Tanworth in Arden		60	School generally fills to PAN. Accommodate small allocation
	Wootton Wawen		140	Some existing capacity to accommodate additional dwellings
	Henley Area total	60	490	Secondary School: Fills to Capacity. Large secondary cohorts forecast for next 5 to 7 years. Could accommodate additional in area children at coordination
Studley	Mappleborough Green	65	65	Small rural school. Fills to PAN. Some additional in area children could be accommodated at coordination
	Studley	60	300	Some existing capacity in Studley Primary Schools
	Studley Area total	125	365	Secondary School: Fills to PAN. Large secondary cohorts forecast for next 5 to 7 years. Could accommodate additional in area children at coordination
Kineton	Ettington	75	60	Growth in the area. Limit to small allocation
	Kineton	150	55	Little capacity and a number of approvals to build out. Preferable to keep additional allocations to minimum
	Lighthorne	130	130	School to be expanded in line with GLH
	Moreton Morrell	65	65	Small amount of capacity
	Temple Herdewyke	0	55	Some capacity to accommodate some additional dwellings
	Fenny Compton	170	170	Some existing capacity to accommodate additional dwellings
	Tysoe	115	115	Some existing capacity in school to accommodate additional dwellings
	Wellesbourne	255	Keep to minimum	School at capacity with further commitments to accommodate.
	Kineton area total	960	650	Secondary School: Need to consider short, medium and long term impact of GLH combined with any additional dwellings (timing of expansion)
Shipston	Long Compton	45	45	Small rural school. Some existing capacity to accommodate some additional dwellings
	Brailes	100	80	Small rural school. Some existing capacity to accommodate some additional dwellings
	Ilmington	60	50	School fills to PAN. Limit to smaller allocation
	Newbold and Tredington	155	50	Small rural school. Current commitments likely to limit available capacity for further allocations
	Quinton	100	100	Small amount of capacity
	Shipston	510	150	Number of commitments to build out and pupil numbers growing. Limit allocation.
	Meon Vale	350	350	Primary School being built as 2FE.
	Shipston area total	1320	825	Secondary School: Large secondary cohorts forecast for next 5-7 years which are likely to require additional capacity to be added.
Stratford	Stratford	690	400	With introduction of new provision West Shottery - capacity for additional dwellings in West Shottery/Bishopton Area
	Alveston	50	50	Number of commitments in area - limit to under 50
	Loxley	10	10	Small rural school.
	Hampton Lucy	30	30	Small rural school.
	Welford on Avon	105	60	School fills to PAN. Limit to small allocation
	Wilmcote		60	Small rural school. Accommodate small allocation
	Wolverton		60	Small rural school. Accommodate small allocation
	Snitterfield		60	Small rural school. Accommodate small allocation
	Stratford area total	885	730	Secondary School: Large secondary cohorts forecast for next 5-7 years which are likely to require additional capacity to be added.
Southam	Southam	775	420	Large number of commitments to build out. Southam Primary School to be expanded in line with growth (half form of entry)
	Bishop's Itchington	300	90	School forecast to be at PAN/capacity over next couple of years as current commitments build out. Limit to up to 90 additional
	Long Itchington	300	90	Number of current commitments still building out which will utilise capacity and increase cohorts. Limit allocation to under 90
	Harbury	220	120	At or close to PAN. Current commitments likely to continue to add numbers to school. Limit additional allocation
	Napton	120	90	School close to capacity and usually fills to PAN. Lower allocation.
	Stockton	100	100	Some capacity to accommodate additional dwellings.
	Priors Marston	60	60	Small rural school. Accommodate small allocation
	Southam area Total	1875	970	Secondary School: Large secondary cohorts forecast for next 5-7 years. Potential to add additional 1FE of capacity to School
District Total	5920	4675
