Request for Planning Performance Agreement (PPA)

Central government encourages the use of Planning Performance Agreements (PPAs) for large or complex planning proposals. These are voluntary agreements between us and the applicants which helps to:

- bring together the developer, the Local Planning Authority and key stakeholders to work in partnership throughout the planning process
- ensure complex proposals progress through the process to mutually agreed timescales
- ensure appropriate resources and expertise are provided to advise on complex proposals
- provide greater opportunity for dialogue through the planning process and help deliver high-quality development

The payment of fees for a PPA ensures that your application is processed with the agreed stages and timetable to help overcome issues that arise during the application process and with a dedicated Planning Officer who will act as a single point of contact. The PPA might also be structured for the Planning Officer to attend meetings, as deemed necessary, between the applicants and technical consultees (eg WCC/Sport England) and to facilitate/attend a Ward Member’s briefing.

However, a PPA does not guarantee that planning permission will be granted. If the planning proposal is contrary to our adopted policies, or national guidance, without other material considerations outweighing this, then it will be recommended for refusal.

All dates and stages are subject to review and further adjustment as necessary during the application’s life. The PPA is only a commitment entered into by the LPA. Response times of internal and external consultees are outside the scope of this agreement and may affect the agreed timetable. The PPA may need to be renegotiated should consultees raise matters that need to be addressed and/or if an amendment is sought by the applicant or required by consultees.

If consultation/Notification to the Secretary of State is required prior to determination in accordance with Consultation Directive 2021 or Section 77 of the Town and Country Planning Act 1990, determination dates may be delayed and the PPA may need to be reviewed.

The PPA Fee is dependent on the scale and complexity of the application and level of resource required.

Please complete the form below selecting the services that you require. This will be reviewed, and the Planning Officer will contact you to discuss and adjust as necessary.

The fees are set out below and are subject to periodic review.

1. Applicant Details:

Name/ Company	
Address	
Postcode	
Telephone	
Email	

2. Agent Details: Please note, if an agent is used all correspondence will be sent to them:

Name/ Company	
Address	
Postcode	
Telephone	
Email
