### Summary

By resolution on 12 July 2019, the Regulatory Committee resolved that the process under the Legal Implications section outlined in the agenda report (Minute 129 2019/20 refers) could proceed.

As part of the process, a public consultation exercise was undertaken. The aim of the consultation was to seek the views of relevant users and the wider public of the Council's proposal to encompass Bancroft Gardens, The Tramway and the Recreation Ground byelaws under one byelaw (based on Government model byelaws), as the areas are effectively managed as one overall pleasure ground.

Following the assessment of the consultation exercise, in conjunction with the proposed byelaw, two new insertions and twelve amendments are proposed. Before submitting the proposed byelaw to the Secretary of State for Levelling Up, Housing and Communities ("the SoS") for leave to make the byelaw, the Council therefore wishes to seek final approval from the Regulatory Committee of the amended proposed byelaw.

### Recommendation

**That the Regulatory Committee approves the amended proposed byelaw for Bancroft Gardens, The Tramway and the Recreation Ground to enable the Council to forward the byelaw proposal to the SoS, for leave to permit the Council to make the byelaw.**

## **4 Implications of the proposal**

- 4.1.6 Note: Regulations 8 to 12 will be expanded on in further Committee reports.

### **4.2 Financial**

- 4.2.1 There will be modest costs in the exercise of reviewing the existing and proposed byelaw. This is not, however, expected to be significant and will be accommodated with existing budgets.
- 4.2.2 When the review of the byelaws is complete, there may be a resourcing issue with regard to the enforcement of the byelaw. As the proposed byelaw is generally replicating current management control on the said areas, however, it is considered that this may be of a minimal cost, if any.

### **4.3 Council Plan**

- 4.3.1 The proposed byelaw meets a number of objectives such as, enhancing Stratford-upon-Avon as a place and putting residents and communities centre stage.

### **4.4 Environmental**

- 4.4.1 As the proposed byelaw is more relevant to modern social practice, this should improve the environment in and around the areas.

### **4.5 Analysis of the effects on Equality**

- 4.5.1 The proposed byelaw is more reflective of a modern society and should have a positive effect on equality.

### **4.6 Data Protection**

- 4.6.1 There are no data protection implications and a data protection impact assessment is, therefore, not required.

### **4.7 Health and Wellbeing**

- 4.7.1 The proposed byelaw is for the effective management of a pleasure ground, open space and walk to enable all to use the three grounds for the purposes of health and wellbeing.

## **5 Risk Assessment**

- 5.1 The byelaws for Bancroft Gardens, The Tramway and the Recreation Ground need to be updated, to ensure the effective management of these areas.

## **6 Conclusion**

- 6.1 Members are invited to assess the proposed byelaw for Bancroft Gardens, The Tramway and the Recreation Ground to ascertain whether it is proportionate for the management of the three areas and, if in agreement, approve referral to the SoS for leave to permit the Council to make the byelaw.
