

Warwickshire County Council Assessment of Primary and Secondary Schools Capacity (April 2022)

Education Technical Note

Assessment of capacity at state funded primary and secondary schools in Stratford on Avon District

Warwickshire County Council Education Services have undertaken a desktop assessment of existing capacity within state funded primary and secondary school provision in Stratford on Avon District using the number of dwellings on potential reserve sites and pupil forecasts over the next five (primary) to seven (secondary) years. The pupil forecasts together with consideration of the potential anticipated expansion as a result of already approved housing, have been used to provide an indication of the estimated number of additional dwellings each education planning area could accommodate over the next five years.

It should be noted that whilst assessment has primarily been made using current forecasts for the next 5 to 7 years the longer term impact of some of the larger approved strategic sites has been taken into consideration.

Secondary School Area	Primary School Area	Total number of Dwellings on Potential Reserve Sites (SDC)	Estimated number of additional dwellings education area could accommodate (WCC)	Comments
Alcester	Alcester	90	250	Schools in Alcester currently at or near to PAN. Circa 300 dwellings still to be built in Alcester.
	Bidford	123	350	Number of approvals still to be built and School will need to expand by half FE to accommodate this. Limit additional allocations in Bidford to less than 250
	Temple Grafton	0	50	Small rural school. Generally fills to PAN but could accommodate small allocation
	Salford Priors	0	95	Some existing capacity to accommodate additional dwellings
	Alcester Area Total	213	745	Secondary Schools: Pupils numbers to PAN with little capacity. Large Secondary cohorts forecast for next 5 to 7 years. Capacity may need to be added
Henley	Claverdon	0	90	Generally fills close to PAN. Could accommodate small allocation under 100
	Henley in Arden	0	200	Some existing capacity to accommodate additional dwellings
	Tanworth in Arden	0	60	School generally fills to PAN. Accommodate small allocation
	Wootton Wawen	0	140	Some existing capacity to accommodate additional dwellings
	Henley Area total	0	490	Secondary School: Fills to Capacity. Large secondary cohorts forecast for next 5 to 7 years. Could accommodate additional in area children at coordination
Studley	Mappleborough Green	25	65	Small rural school. Fills to PAN. Some additional in area children could be accommodated at coordination
	Studley	0	300	Some existing capacity in Studley Primary Schools
	Studley Area total	25	365	Secondary School: Fills to PAN. Large secondary cohorts forecast for next 5 to 7 years. Could accommodate additional in area children at coordination
Kineton	Ettington	13	60	Growth in the area. Limit to small allocation
	Kineton	0	55	Little capacity and a number of approvals to build out. Preferable to keep additional allocations to minimum
	Lighthorne	0	130	School to be expanded in line with GLH
	Moreton Morrell	30	65	Small amount of capacity
	Temple Herdewyke	0	55	Some capacity to accommodate some additional dwellings
	Fenny Compton	0	170	Some existing capacity to accommodate additional dwellings
	Tysoe	15	115	Some existing capacity in school to accommodate additional dwellings
	Wellesbourne	25	Keep to minimum	School at capacity with further commitments to accommodate.
Kineton area total	83	650	Secondary School: Need to consider short, medium and long term impact of GLH combined with any additional dwellings (timing of expansion)	
Shipston	Long Compton	0	45	Small rural school. Some existing capacity to accommodate some additional dwellings
	Brailes	0	80	Small rural school. Some existing capacity to accommodate some additional dwellings
	Ilmington	8	50	School fills to PAN. Limit to smaller allocation
	Newbold and Tredington	13	50	Small rural school. Current commitments likely to limit available capacity for further allocations
	Quinton	30	100	Small amount of capacity
	Shipston	0	150	Number of commitments to build out and pupil numbers growing. Limit allocation.
	Meon Vale	90	350	Primary School being built as 2FE.
	Shipston area total	141	825	Secondary School: Large secondary cohorts forecast for next 5-7 years which are likely to require additional capacity to be added.
Stratford	Stratford	354	600	With introduction of new provision West Shottery - capacity for additional dwellings in West Shottery/Bishopton Area
	Alveston	24	50	Number of commitments in area - limit to under 50
	Loxley	0	10	Small rural school.
	Hampton Lucy	13	30	Small rural school.
	Welford on Avon	0	60	School fills to PAN. Limit to small allocation
	Wilmcote	0	60	Small rural school. Accommodate small allocation
	Wolverton	0	60	Small rural school. Accommodate small allocation
	Snitterfield	0	60	Small rural school. Accommodate small allocation
Stratford area total	391	300	Secondary School: Large secondary cohorts forecast for next 5-7 years. Additional capacity being added to accommodate current forecast demand. Unlikely to be able to add further capacity	
Southam	Southam	195	420	Large number of commitments to build out. Southam Primary School to be expanded in line with growth (half form of entry)
	Bishop's Itchington	0	90	School forecast to be at PAN/capacity over next couple of years as current commitments build out. Limit to up to 90 additional
	Long Itchington	0	90	Number of current commitments still building out which will utilise capacity and increase cohorts. Limit allocation to under 90
	Harbury	0	120	At or close to PAN. Current commitments likely to continue to add numbers to school. Limit additional allocation
	Napton	6	90	School close to capacity and usually fills to PAN. Lower allocation.
	Stockton	0	100	Some capacity to accommodate additional dwellings.
	Priors Marston	10	60	Small rural school. Accommodate small allocation
	Southam area Total	211	970	Secondary School: Large secondary cohorts forecast for next 5-7 years. Potential to add additional 1FE of capacity to School
District Total		1064	4345
