Councillor Perteghella commented: There is planning permission for a community hall/building but this won't be built on time for the next local elections. So I support the election teams to investigate the closer (or more accessible) building (that is Long Marston or Meon Vale). There is a footpath/cycle path being currently built so worth looking whether the footpath links Fernleigh Park up to either Meon Vale and/or Long Marston. I checked with the planning officers and the footpath should be closer to Meon Vale. Also for those coming by car there is parking behind the Meon Vale village Hall. But please do consult	Due to this being a new development site and the proposed community hall not being built in time for the 2023 elections, Meon Vale Village Hall is closer to the new residents of this ward (the hall including ample parking) therefore would seem the practical choice for voters at this present time. Polling District Numbers TBC	Avenue Ward	Stratford-on-Avon	Stratford North	Avenue Sports and Social Club, Avenue Farm Road, Stratford-upon-Avon	TBC December 2022	✓ Step up at access	Richard Vos commented: The Avenue Club, Avenue Farm - There is concern that one of the reasons for Avenue Ward having a (consistently) low turnout at elections is the location of the polling place. Although an improvement on the previous location (Ken Kennett), there is still a feeling that this polling place is not widely known about and that the location is not altogether accessible. A more prominent polling place is required ie in a more visible place on Birmingham Road. Would a possible solution be a temporary polling station in eg Tesco Car Park or in the areas directly in front of the Aldi entrance or in the car park area outside Lidl?	The comments of Mr Vos are acknowledged, however, no evidence has been provided that the reason for a low turnout is the location of the polling place. The Sports Club is on a well known road and there is ample parking on site, however, the Council should look at ways of publicising the venue better to ascertain whether that improves the turnout. If it can be included that is very helpful. If the Racecourse is now available I understand this was the venue used before by those living on Luddington East and is much more accessible and convenient to voters. So this is good news. Just to clarify: the village hall is still proposed as polling station for the Luddington village and for Dodwell, and the Racecourse for residents east of the parish, and on the Luddington Road towards the town of Stratford.</p>	Stratford Racecourse confirmed that the Chaser Suite at the racecourse is available for the 2023 elections therefore can be used for the Luddington East Ward as convenient to voters although not in the polling district.
