- Where part of an extension is single storey and part is two storey the areas can be added together and the charge for a two storey extension will apply.
- Where a first floor extension is constructed over an existing single storey structure the charge applied is that for a single storey extension of the same floor area.
- Floor areas are to be measured internally excluding the external walls.

Regularisation Charge

Where building work has been carried out without the benefit of Building Regulations Approval, and is to be regularised, you will pay a regularisation charge to cover the cost of assessing your application and all inspections. The charge is equivalent to the Building Notice charge (ex VAT) plus 50% (No VAT is payable on a regularisation charge). Please refer to our website www.stratford.gov.uk or contact Building Control for further advice and/or a quote.

Individually determined domestic charges

If the work you are carrying out is not listed as a standard charge, the charge will be individually determined.

This method of determining the charge mainly relates to larger schemes and includes the following types of building work.

- Applications subject to a reversion charge (work reverting from an approved inspector to the local authority)
- Building work that is in relation to more than one building
- Building work consisting of alterations to a domestic property (other than extensions) where the estimated cost exceeds £100,000
- Building work consisting of a domestic extension where the floor area exceeds 100m² for single storey or 200m² for two storey
- Building work consisting of a non-exempt domestic garage or carport with a floor area over 60m²

If your building work is defined as requiring an individual assessment of a charge you should e-mail Stratford Building Control at: buildingcontrol@stratford-dc.gov.uk with 'request for building regulation charge' in the title of the e-mail and provide a description of the intended work. We will contact you within 24 hours. Alternatively telephone our helpline on 01789 260626.

Fees for cross boundary applications

Where an application crosses one or more local or district planning authorities.

- The amount due is usually 150% of the 'single' fee that would have been payable for the proposed development (as if there had only been one application to a single authority covering the entire site); unless
- The 'total' fee (the sum total of each separately calculated fee for each part of the development within each authority's boundary) is smaller. In which case this 'total' fee is the fee due

In either case, the fee should be paid to the authority that contains the larger part of the application site within its boundary.

Licensing Act 2003

Licensing Act 2003 Fee Structure

Following extensive consultation with local authorities, industry, clubs and other stakeholders about licence fees, the Department for Culture Media and Sport has announced the fees package.

Fees will recover the licensing authorities' costs of administrating, inspecting and enforcing the new regime.

There were two key findings from the consultation that needed to be addressed:

- first that the overall level of premises fees – the main generator of income for Licensing Authorities - was pitched at too low a level to enable the full costs recovery for administration and enforcement in the new regime; and
- second, that the control of premises selling alcohol would in general give rise to higher costs than other premises, particularly during transition, particularly where these were situated in town and city centres.

These findings are reflected in the revised package, main elements of which include:

- A £100-£635 one-off payment for a new licence – a rise on the previous proposal of £80-£500.
- £70-£350 for an annual fee – up from £40-£225.
- The largest town and city centre pubs paying two to three times as much for their initial application fee and annual charge.
- £37 for a personal licence
- £21 for a temporary event notice.

Subject to Parliamentary scrutiny, the new fee structure will have effect from 7 February 2005 – the beginning of the Act's transitional period, when applications for conversions to new licences can be made.

Premises Fees:

The premises fees are determined according to the rateable value of the premises, and in the case of bands D and E, whether or not their primary business is the selling of alcohol.

1. Premises and club application and annual fees – each premises that is licensable will be allocated to a fee band according to rateable value

Band	A	B	C	D	E
Rateable Value	No rateable value to £4,300	£4,301 to £33,000	£33,001 to £87,000	£87,001 to £125,000	£125,000 and above

2. Each band attracts a different level of application fee – payable during transition.

Band	A	B	C	D	E
Fee	£100	£190	£315	£450	£635

3. Premises applying to vary conditions in relation to the sale of alcohol during transition will be charged a supplementary fee, according to their fee band

BAND	A	B	C	D	E
FEE	£20	£60	£80	£100	£120

Each band attracts a different level of annual fee – payable one year after the grant of the licence.

BAND	A	B	C	D	E
FEE	£70	£180	£295	£320	£350

Rateable value bands	A	B	C	D	E
Main Application Fee	100	190	315	450	635
Main Annual Charge	70	180	295	320	350

A multiplier applied to premises in bands D and E where they are exclusively or primarily in the business of selling alcohol (mainly large town and city centre pubs).

Band	D (x 2)	E (x 3)
City / town centre pub application Fee	900	1905
City / town centre pub annual charge	640	1050

Payment to vary conditions (relates to alcohol only) during transition:

Rateable value bands	A	B	C	D	E
