# Housing Strategy Action Plan

## Notes on reading the Action Plan

- SDC = Stratford-on-Avon District Council.
- **All actions are strategic** i.e. they are not detailed operational plans.
- This action plan does not duplicate actions contained in other Stratford-on-Avon District Council strategic plans and other organisations' plans.
- Stratford-on-Avon District Council and Warwick District Council are preparing a Joint South Warwickshire Local Plan i.e. a development plan for the area covered by the two councils.
- Tackling **climate change** underpins actions across all three aims of the strategy e.g. building sustainable affordable homes or installing energy efficiency measures in existing housing, and as such is not a separate action.
- The resources column has a list of main contributors (not necessarily headed by the 'lead' agency) but also includes key materials and some funding sources. The list relates to the action not the milestones / targets. The progress column will be completed when the action plan is reported and reviewed by The Cabinet.
- **'Report'** means the production of a formal written report or information sheet to be considered by the appropriate committee or meeting or persons.
- **'Agree'** means agreement at the appropriate level (e.g. portfolio holder, committee or group), with a written record of the decision (e.g. minutes of a meeting making a clear reference to the document agreed).
- **'Review'** can mean anything from a focused discussion through to research and consultation leading to a formal report. The scale of the review should be appropriate to the action, but all reviews must have a recorded outcome (what considered, findings, recommendations or decisions, who involved, date) to allow for transparency, auditing and progress monitoring.
- **'Annual' or 'financial year' refers to the period from the beginning of April to the end of March the following year.**

**Aim 1 To support communities and build sustainable affordable homes.**
