Licensing Act 2003

Licensing Act 2003 Fee Structure

Following extensive consultation with local authorities, industry, clubs and other stakeholders about licence fees, the Department for Culture Media and Sport has announced the fees package.

Fees will recover the licensing authorities' costs of administering, inspecting and enforcing the new regime.

There were two key findings from the consultation that needed to be addressed:

- first that the overall level of premises fees – the main generator of income for Licensing Authorities – was pitched at too low a level to enable the full costs recovery for administration and enforcement in the new regime; and
- second, that the control of premises selling alcohol would in general give rise to higher costs than other premises, particularly during transition, particularly where these were situated in town and city centres.

These findings are reflected in the revised package, main elements of which include:

- A £100-£635 one-off payment for a new licence – a rise on the previous proposal of £80-£500.
- £70-£350 for an annual fee – up from £40-£225.
- The largest town and city centre pubs paying two to three times as much for their initial application fee and annual charge.
- £37 for a personal licence
- £21 for a temporary event notice.

Subject to Parliamentary scrutiny, the new fee structure will have effect from 7 February 2005 – the beginning of the Act's transitional period, when applications for conversions to new licences can be made.

Premises Fees:

The premises fees are determined according to the rateable value of the premises, and in the case of bands D and E, whether or not their primary business is the selling of alcohol.

1. Premises and club application and annual fees – each premises that is licensable will be allocated to a fee band according to rateable value

Band	A	B	C	D	E
Rateable Value	No rateable value to £4,300	£4,301 to £33,000	£33,001 to £87,000	£87,001 to £125,000	£125,000 and above

2. Each band attracts a different level of application fee – payable during transition.

Band	A	B	C	D	E
Fee	£100	£190	£315	£450	£635

3. Premises applying to vary conditions in relation to the sale of alcohol during transition will be charged a supplementary fee, according to their fee band

BAND	A	B	C	D	E
FEE	£20	£60	£80	£100	£120

Each band attracts a different level of annual fee – payable one year after the grant of the licence.

BAND	A	B	C	D	E
FEE	£70	£180	£295	£320	£350

Rateable value bands	A	B	C	D	E
Main Application Fee	100	190	315	450	635
Main Annual Charge	70	180	295	320	350

A multiplier applied to premises in bands D and E where they are exclusively or primarily in the business of selling alcohol (mainly large town and city centre pubs).

Band	D (x 2)	E (x 3)
City / town centre pub application Fee	900	1905
City / town centre pub annual charge	640	1050

Payment to vary conditions (relates to alcohol only) during transition:

Rateable value bands	A	B	C	D	E
Variation Fee	20	60	80	100	120

Exemptions from payments

An application solely for the alteration or extension of an existing dwellinghouse; or works in the curtilage of an existing dwellinghouse (other than the erection of a dwellinghouse) for the purpose of providing:

- Means of access to or within it for a disabled person who is resident in it, or is proposing to take up residence in it; or
- Facilities designed to secure that person's greater safety, health or comfort.

An application solely for the carrying out of the operations for the purpose of providing a means of access for disabled persons to or within a building or premises to which members of the public are admitted.

If the application relates to an alternate use of buildings or land within the same Use Class that requires planning permission only by the requirements of a condition imposed on a permission granted or deemed to be granted under Part 3 of the Town and Country Planning Act 1990 (as amended).

If the application is for a lawful development certificate, for existing use, where an application for planning permission for the same development would be exempt from the need to pay a planning fee under any other planning fee regulation

If the application is for consent to display an advertisement which results from a direction under Regulation 7 of the 2007 Regulations, dis-applying deemed consent under Regulation 6 to the advertisement in question

If the application relates to a condition or conditions on an application for Listed Building Consent or planning permission for relevant demolition in a Conservation Area

If the application is for a Certificate of Lawfulness of Proposed Works to a listed building

If an application for planning permission (for which a fee is payable) being made by the same applicant on the same date for the same site, buildings or land as the prior approval application (for larger home extensions, additional storeys on a home, or change of uses)

Fees for cross boundary applications

Where an application crosses one or more local or district planning authorities.

- The amount due is usually 150% of the 'single' fee that would have been payable for the proposed development (as if there had only been one application to a single authority covering the entire site); unless
- The 'total' fee (the sum total of each separately calculated fee for each part of the development within each authority's boundary) is smaller. In which case this 'total' fee is the fee due

In either case, the fee should be paid to the authority that contains the larger part of the application site within its boundary.
